

Casas Christian School
Mentoring Program
2010-2011

Casas Christian School offers parents the opportunity to participate in a Mentoring Program each summer in which new families and students are matched with families and students who have attended CCS for at least a year. The families or students can arrange times to meet during the summer months, so that new students feel more comfortable and connected to CCS when the new school year begins.

_____ We are a new CCS family and would like to be introduced to a current family through the Mentoring Program. (List all your children who would like to be involved.)

My Name is _____ Phone Number _____

My Student's Name _____ Grade next year _____
