Grade Level Description

Students in Middle School begin to discover their unique gifts, talents, and interests. They also learn that God has a purpose for each one of them. In P.E., Health, and Bible, students have the opportunity to make these discoveries. Then they can begin to answer that infamous Middle School Question - "How does this apply to me?" It's all about life application.

Grade Level Resources

Health Text: Human Body Systems and Health / Holt, Rinehart, and Winston
Total Health / Susan Boe, Purposeful Design
